| Course Title | Code | Semester | L+P Hour | Credits | ECTS |
| Psychiatry (Clinical Clerkship) | MED 510 | Phase 5 / 9-10 | 24+24 | 3 | 3* |

* ECTS credits are the university credits of the courses in Yeditepe University, Faculty of Medicine, Undergraduate Medical Education Program

_

| Prerequisites | The student that joins this course, should completed Phase 1, 2, 3 and 4 courses of medical faculty. |
|----------------------------|---|
| Language of Instruction | English |
| Course Level | Second Cycle including First Cycle Degree (One Tier Programme) |
| Course Type | Compulsory |
| Course Coordinator | Okan Taycan, MD Prof. |
| Instructors | Okan Taycan, MD Prof. Naz Berfu Akbaş, MD Assoc. Prof. Hakan Atalay, MD Assoc.Prof. Serhat Tunç, MD Assoc. Prof. |
| Assistants | - |
| Goals | The course aims to equip the clerkship attendees with necessary knowledge and skills to: <i>convey</i> necessary knowledge on psychiatric disorders, diagnosis and differential diagnosis, <i>equip</i> students <i>with</i> knowledge, skills and attitudes required to start treatment of diseases, <i>equip</i> students <i>with</i> knowledge, skills and attitudes required to perform follow- up in primary health care services, <i>equip</i> students <i>with</i> knowledge, skills and attitudes required to perform follow- up in primary health care services, |
| | |

| Learning Outcomes At the end of this clerkship, the student should be able to | Program Outcomes (APK) | Teaching Methods | Assessment Methods |
|--|--|---------------------|-----------------------|
| <i>describe</i> organic, physiological and psychological causes of depression, and panic attacks <i>describe</i> organic, physiological and psychological factors related with bipolar disorder1.4.describe organic, physiological and psychological factors related with somatoform disorders <i>describe</i> personality disorders <i>describe</i> personality disorders <i>describe</i> trauma related disorder <i>explain</i> eating disorders <i>explain</i> drug addiction <i>outline</i> anxiety disorders and sexual identity problems | 1.1. | 1, 2, 4, 6,9 | A, B, D |
| Skills: assess mental status, take psychiatric history make psychiatric examination | 1.1., 1.2, 1.3, 1.5., 1.6., 2.1., 2.2., 2.5., 3.3. | 1, 2, 4, 6, 9 | A, B, D |
| Attitudes: make neutral, extra-judicial and indiscriminate approaches to patient .value privacy of patients, give patients confidence maintain empathy and effective communication with patient and accompanying persons or care givers | 1.2., 2.1., 2.2., 2.5. | 1, 2, 4, 6, 9 | A, B, D |
| Competencies: distinguish symptoms and signs of psychiatric conditions, arrange appropriate order for laboratory tests and consultations diagnose psychiatric conditions, do preliminary interventions, make stabilization of psychiatric emergency cases in emergency conditions like suicide, conversion disorder, manic episode, substance-related emergencies arrange appropriate initial treatment, inform patients and care givers on personality disorders schedule follow-up process | 1.1., 1.2., 1.3., 2.5., 3.3. | 1, 2, 4, 6, 9 | A, B, D |

ASSESSMENT

(APK)

For further details please see Academic Program Book of Phase V at http://med.yeditepe.edu.tr/sites/default/files/phase_5_0.pdf

Assessment Approaches, assessment methods and assessment tools that used in Phase V, Clerkship Programs are shown in below table.

| Questions Types (Pencil-Paper Tests) | Proportion (in Pencil-Paper Tests) |
|---|---------------------------------------|
| Multiple Choice Questions | 85% |
| Extended Matching Questions | 5% |
| Essay Questions | 5% |
| Short Response Essay Questions | 5% |
| Total | 100% |
| Other Assessment Methods and Tools | Proportion (in Pass/Fail Decision) |
| Evaluation of Student's Seminar (With Checklist) | 45% |
| Global Evaluation of Student's Performance (With Checklist) | 10% |
| Total | 55 % |
| Pass/Fail Decision | Proportion (in Pass/Fail Decision) |
| Pencil-Paper Tests | 45% |
| Other Assessments Methods and Tools | 55% |
| Total | 100 % |

* WEs consists of 50 questions.

Detailed Assessment Tables are shown for each clerkship program in related pages of Academic Program Book.

Assessment details also will be announced and explained in the introductory sessions at the beginning of the clerkship.

COURSE CATEGORY Expertise / Field Courses

| COURSE'S CONTRIBUTION TO PROGRAM | | | | | | |
|----------------------------------|--|---|---|--------------|---|---|
| | PODG.1. Basic Professional Competencies | | | Contribution | | |
| | POD.1.1. Clinical Competencies | 1 | 2 | 3 | 4 | 5 |
| PO.1.1.1. | values preventive health services, offers primary prevention (i.e. prevention of diseases for the protection of health), secondary prevention (i.e. early diagnosis and treatment) tertiary prevention (i.e. rehabilitation) and quaternary prevention (i.e. prevention of excessive and unnecessary diagnosis and treatment) services, provides consultancy on these issues. | | | | | |
| PO.1.1.2. | <i>employs</i> a patient-centered approach in patient management. | | | | | X |
| PO.1.1.3. | recognizes most frequently occurring or significant clinical complaints, symptoms, signs, findings and their emergence mechanisms in clinical conditions. | | | | X | |
| PO.1.1.4. | takes medical history from the applicant himself/herself or from the individual's companions. | | | | | |
| PO.1.1.5. | <i>does</i> general and focused physical and mental examination. | | | | X | |
| PO.1.1.6. | <i>interprets</i> findings in medical history, physical and mental examination. | | | | X | |
| PO.1.1.7. | <i>employs</i> diagnostic procedures that are used frequently at the primary health care level. | | X | | | |
| PO.1.1.8. | <i>selects</i> tests that have evidence-based high efficacy at the primary health care level and <i>interprets</i> results. | | | | | |
| PO.1.1.9. | <i>makes</i> clinical decisions using evidence-based systematic data in health care service. | | X | | | |
| PO.1.1.10. | <i>performs</i> medical interventional procedures that are used frequently at the primary health care level. | | | | | |
| PO.1.1.11. | <i>manages</i> healthy individuals and patients in the context of health care services. | | | | | |
| PO.1.1.12. | <i>keeps</i> medical records in health care provision and <i>uses</i> information systems to that aim. | | | | | X |
| | POD.1.2. Competencies related to Communication | | | | | |
| PO.1.2.1. | throughout his/her career, communicates effectively with health care beneficiaries, co-workers, accompanying persons, visitors, patient's relatives, care givers, colleagues, other individuals, organizations and institutions. | | | X | | |
| PO.1.2.2. | collaborates as a team member with related organizations and institutions, with other professionals and health care workers, on issues related to health. | | | | X | |
| PO.1.2.3. | recognizes the protection and privacy policy for health care beneficiaries, co-workers, accompanying persons and visitors. | | | | X | |
| PO.1.2.4. | communicates with all stakeholders taking into consideration the socio-cultural diversity. | | | | | X |
| | POD.1.3. Competencies Related to Leadership and Management | | | | | |
| PO.1.3.1. | <i>manages</i> and <i>leads</i> within the health care team in primary health care organization. | | | | | |
| PO.1.3.2. | recognizes the principles of health management and health sector economy, models of organization and financing of health care services. | | | | | |
| PO.1.3.3. | recognizes the resources in the health care service, the principles for cost-effective use. | | | | | |

| P0.1.4.1. recognizes the health status of the individual and the community and the factors affecting the health, implements the necessary measures to prevent effects of these factors on the health. P0.1.4.2. recognizes and manages the health determinants including conditions the prevent access to health care. P0.1.4.2. recognizes and manages the health determinants including conditions that prevent access to health care. P0.1.5.1. develops, prepares and presents research projects P0.1.6. Competencies related to Research P0.1.6.1. provides consultancy services and organizes health education for the community to sustain and promote the health of individual and community. P0.2.1.1. professional Values and Perspectives P0.2.1.2. Competencies related to Law and Legal Regulations P0.2.1.1. performs medical practices in accordance with the legal framework which regulates the primary health care service. P0.2.2.1. PDD.2.2. Competencies Related to Ethical Aspects of Medicine P0.2.2.1. performs medical practices, indical problems.
