Course Title	Code	Semester	L+P Hour	Credits	ECTS
Epidemiological Research and Evidence Based Medicine	MED 621	Phase 1/2/3	28	2	2*

\* ECTS credits are the university credits of the courses in Yeditepe University, Faculty of Medicine, Undergraduate Medical Education Program

	GENERAL INFORMATION					
Prerequisites		-				
Coordination Committee		Medical Faculty Building 6th floor.				
Email address for inquiries						
Attendance		Students are required to attend at least 80% of the classes/practices				
Language of Insti	Language of Instruction English					
Course Level Second		cond Cycle including First Cycle Degree (One Tier Programme)				
Course Type		Elective				
Course Coordina	tor	Asst. Prof. Hale Arik Tasyikan				
Instructors		Asst. Prof. Hale Arik Tasyikan, hale.arik@yeditepe.edu.tr Prof. Recep Erol Sezer				
The purpose is to provide understanding of epidemiological language and terminology by reading, exam discussing various types of epidemiological research papers and to develop the desire and enthum epidemiological studies.						
The course aims to perform different sessions for each type of epidemiological research. The selected research will be case report, cross-sectional, case- control, cohort study, and randomized controlled trial.						

	COURS	E LEARNING OUTCOMES			
Students who take this course will		Program Learning Outcomes	Teaching Methods	Assessment Methods	
Be able to understand various types of e	pidemiological research.	1.1.1, 1.1.3, 1.1.5, 1.1.9, 2.2.1, 2.2.3, 3.1.1, 3.1.3, 3.2.1, 3.2.3	1,2,3	A,B	
Be able to understand basic epidemiological terminology.		1.1.1, 1.1.3, 1.1.6, 1.1.9, 2.2.3, 3.1.1, 3.1.3, 3.2.1, 3.2.3	1,2,3	A,B	
Teaching Methods:	1:Lecture 2-	Small Group Workshops 3	-Homework		
Assessment Methods:	A: Exam; B:F	A: Exam; B:Homework Evaluation			

	COURSE CONTENT						
Week	Topics	Study Materials					
1	Case reports: Introduction and discussion of a selected article	Lecture Notes & Small Groups Guideline					
2	Case reports: Small groups presentation and discussion	Lecture Notes & Small Groups Guideline					
3	Cross-sectional study: Introduction and discussion of a selected article	Lecture Notes & Small Groups Guideline					
4	Cross sectional study: Small groups presentation and discussion	Lecture Notes & Small Groups Guideline					
5	Case-control study: Introduction and discussion of a selected article	Lecture Notes & Small Groups Guideline					
6	Case control study: Small groups presentation and discussion	Lecture Notes & Small Groups Guideline					
7	Midterm exam						
8	Cohort study: Introduction	Lecture Notes & Small Groups Guideline					
9	Cohort study: Discussion of a selected article	Lecture Notes & Small Groups Guideline					

10	Cohort study: Small groups presentation and discussion	Lecture Notes & Small Groups Guideline
11	Randomized controlled trial: Introduction	Lecture Notes & Small Groups Guideline
12	Randomized controlled trial: Discussion of a selected article	Lecture Notes & Small Groups Guideline
13	Randomized controlled trial : Small groups presentation and discussion	Lecture Notes & Small Groups Guideline
14	Final exam	

	COURSE MATERIALS
Text Books	Gordis, L. (2014). Epidemiology. Philadelphia, PA, Elsevier/Saunders.
Additional Resources	Lecture notes

ASSESSMENT						
	NUMBER	PERCENTAGE				
Midterm Exam	1	25				
Assignments (Homework)	1	10				
Evaluation of Group Presentations	1	20				
Final Exam	1	45				
Total		100				

COURSES CONTRIBUTION TO PROGRAM					
COMPETENCE AREA-1 / Professional Practices		Co	ntribu	tion	
COMPETENCE 1.1. Health Service Provider	1	2	3	4	5
<b>Competency 1.1.1.</b> Integrates knowledge, skills, and attitudes acquired from basic and clinical medical sciences, behavioral sciences, and social sciences to provide health services.				Х	
Competency 1.1.2. Demonstrates a biopsychosocial approach that considers the individual's sociodemographic and sociocultural background without discrimination based on language, religion, race, or gender in patient management.					
Competency 1.1.3. Prioritizes the protection and improvement of individuals' and community's health in the delivery of healthcare services.					X
<b>Competency 1.1.4.</b> Performs the necessary actions in the direction of maintaining and improving the state of health as considering the individual, social, social and environmental factors affecting health.					
<b>Competency 1.1.5.</b> Provides health education to healthy/ill individuals and their families, as well as to other healthcare professionals, by recognizing the characteristics, needs, and expectations of the target audience.					Х
<b>Competency 1.1.6.</b> Demonstrates a safe, rational, and effective approach in the processes of protection, diagnosis, treatment, follow-up, and rehabilitation in health service delivery.					X
<b>Competency 1.1.7.</b> Performs interventional and/or non-interventional procedures safely and effectively for the patient in the processes of diagnosis, treatment, follow-up, and rehabilitation.					
<b>Competency 1.1.8.</b> Provides healthcare services considering patient and employee health and safety.					
Competency 1.1.9. Considers changes related to the physical and socio- economic environment at both regional and global scales that affect health, as well as changes in the individual characteristics and behaviors of those who seek healthcare services.				Х	
COMPETENCE AREA-2 / Professional Values and Approaches		Co	ntribu	tion	
COMPETENCE 2.1. Adopting Professional Ethics and Principles	1	2	3	4	5

Competency 2.1.1. Considers good medical practices while performing the					
profession.  Competency 2.1.2. Fulfills duties and obligations within the framework of					
ethical principles, rights, and legal responsibilities required by the					
profession.					
Competency 2.1.3. Demonstrates determined behavior in providing high-					
quality healthcare while considering the patient's integrity.					
Competency 2.1.4. Evaluates own performance in professional practices					
by considering own emotions and cognitive characteristics.					
COMPETENCE 2.2. Health Advocate					
<b>Competency 2.2.1.</b> Advocates for the improvement of healthcare service				X	
delivery by considering the concepts of social accountability and social					
responsibility in the protection and enhancement of community health.					
Competency 2.2.2. Plans and implements service delivery, education, and					
counseling processes related to individual and community health, in					
collaboration with all stakeholders, for the protection and improvement of					
health.					
Competency 2.2.3. Evaluates the impact of health policies and practices				Х	
on individual and community health indicators and advocates for the					
improvement of healthcare quality.					
Competency 2.2.4. Gives importance to protecting and improving own					
physical, mental, and social health and takes necessary actions for it.					
COMPETENCE 2.3. Leader-Manager					
Competency 2.3.1. Demonstrates exemplary behavior and leadership					
within the healthcare team during service delivery.					
Competency 2.3.2. Utilizes resources in a cost-effective, socially					
beneficial, and compliant manner with regulations in the planning,					
implementation, and evaluation processes of healthcare services as the					
manager in the healthcare institution.					
COMPETENCE 2.4. Team Member					
Competency 2.4.1. Communicates effectively within the healthcare team					
and takes on different team roles as necessary.					
Competency 2.4.2. Displays appropriate behaviors while being aware of					
the duties and responsibilities of healthcare workers within the healthcare					
team.					
team.  Competency 2.4.3. Works collaboratively and effectively with colleagues					
team.  Competency 2.4.3. Works collaboratively and effectively with colleagues and other professional groups in professional practice.					
team.  Competency 2.4.3. Works collaboratively and effectively with colleagues					
team.  Competency 2.4.3. Works collaboratively and effectively with colleagues and other professional groups in professional practice.					
team.  Competency 2.4.3. Works collaboratively and effectively with colleagues and other professional groups in professional practice.  COMPETENCE 2.5. Communicator					
team.  Competency 2.4.3. Works collaboratively and effectively with colleagues and other professional groups in professional practice.  COMPETENCE 2.5. Communicator  Competency 2.5.1. Communicates effectively with patients, their families,

Communicates effectively with patients, their families, healthcare professionals, and other occupational groups, institutions and organizations.  Competency 2.5.2. Communicates effectively with individuals and groups who require a special approach and have different sociocultural characteristics.  Competency 2.5.3. Demonstrates a patient-centered approach that involves the patient in decision-making mechanisms during the diagnosis, treatment, follow-up, and rehabilitation processes.  COMPETENCE AREA-3 / Professional and Personal Development  COMPETENCE 3.1. Scientific and Analytical Approach  Competency 3.1.1. Plans and implements scientific research, as necessary, for the population it serves, and utilizes the results obtained, as well as those from other research, for the benefit of the community.  Competency 3.1.2. Accesses and critically evaluates current literature related to their profession.	1				X
Competency 2.4.3. Works collaboratively and effectively with colleagues and other professional groups in professional practice.  COMPETENCE 2.5. Communicator  Competency 2.5.1. Communicates effectively with patients, their families, healthcare professionals, and other occupational groups, institutions and organizations.  Competency 2.5.2. Communicates effectively with individuals and groups who require a special approach and have different sociocultural characteristics.  Competency 2.5.3. Demonstrates a patient-centered approach that involves the patient in decision-making mechanisms during the diagnosis, treatment, follow-up, and rehabilitation processes.  COMPETENCE AREA-3 / Professional and Personal Development  COMPETENCE 3.1. Scientific and Analytical Approach  Competency 3.1.1. Plans and implements scientific research, as necessary, for the population it serves, and utilizes the results obtained, as well as those from other research, for the benefit of the community.  Competency 3.1.2. Accesses and critically evaluates current literature	1				

Competency 3.1.4. Uses information technologies to enhance the			
effectiveness of healthcare, research, and education activities.			
COMPETENCE 3.2. Lifelong Learner			
<b>Competency 3.2.1.</b> Manages effectively individual study processes and career development.		Х	
<b>Competency 3.2.2.</b> Demonstrates skills in acquiring, evaluating, integrating new information with existing knowledge, applying to professional situations, and adapting to changing conditions throughout professional career.			
<b>Competency 3.2.3.</b> Selects the right learning resources to improve the quality of health care and organizes the learning process.			X
