* ECTS credits are th	ne university cred	its of the co	I ourses in Yeditepe	e University,	Faculty of Medicine, Und	I dergraduate Medical Education Program				
			GENE	RAL INFORM	ATION					
This course is for Ph	ase VI students o	f Yeditepe	University Faculty	of Medicine	·.					
Prerequisites		Obligato	ry (main) courses	of Phase V s	hould be completed.					
Coordination Office		Yeditepe	University Hospit	al.						
Email address for in	quiries	ogokce@	yeditepe.edu.tr							
Attendance		Students	are required to a	attend to at I	east 80% of the classes.					
Language of Instruc	tion	English	English							
Course Level		Second Cycle including First Cycle Degree (One Tier Programme)								
Course Type		Elective course								
Course Coordinator		Özcan Gökçe, MD. Prof.								
Lecturers/Instructors		Özcan Gökçe, MD. Prof. Neşet Köksal, MD. Prof. Erhan Ayşan, MD. Prof. Kinyas Kartal, MD. Assoc. Prof. Veysel Umman, MD. Assoc. Prof. Alper Kurt, MD. Asst. Prof. Ali Ediz Kıvanç, MD. Inan Yılmaz, MD.								
Assistants			,							
Goals The aim of the elective course is to equip the intern with enriched kno specialty.					ern with enriched know	ledge and skills in the preferred medical				
The elective internship is a 1 month rotation for the 6th year medical students which students from the area elective courses in the curriculum. Like the other rotatio performance will be based on overall clinical performance both in hospital and outpatie attitudes toward patients, participation in seminars and overnight calls, regular attenda lectures and case conferences, the level of scientific and practical knowledge and consultir recorded with required projects and will be performed as "passed "or "failed" with an 100.					other rotations, evaluation of student I and outpatient clinics, case papers, the egular attendance at scientific meetings, e and consulting skills. Ratings of students					

	Outcomes for General Surgery d of this course, student should be able to	Program Outcomes	Teaching Methods	Assessment Methods
р	Conduct a comprehensive, symptom-based surgical patient interview and take a thorough patient patient patient.	1.1.1, 1.1.3, 1.1.4	1,2,3	В, С
	rerform abdominal, breast, thyroid, and hernia examinations competently.	1.1.1, 1.1.3, 1.1.7	1,2,3	В, С
	dentify common surgical emergencies (acute bdomen, trauma, gastrointestinal bleeding).	1.1.6, 1.1.7, 1.1.9	1,2,3	В, С
C	xplain indications for surgical intervention in ommon conditions (appendicitis, cholecystitis, ntestinal obstruction).	1.1.1, 1.1.6, 1.1.9	1,2,3	В, С

Biçimlendirilmiş Tablo

 Demonstrate appropriate techniques for minor surgical procedures (suturing, wound care). 	1.1.6, 1.1.7, 1.1.10	1,2,3	В, С
 Interpret plain X-ray studies relevant to general surgery 	1.1.8, 1.1.9	1,2,3	В, С
 Apply basic principles of perioperative care, including preoperative assessment and postoperative management. 	1.1.1, 1.1.6, 1.1.9	1,2,3	В, С
 Prepare accurate medical documentation (consent forms, patient files, operation notes, discharge summaries). 	1.1.6, 2.1.1, 2.1.2	1,2,3	В, С
 Perform fundamental clinical skills safely (Incannulation, urinary catheterization, nasogastric tube placement). 	1.1./, 2.1.1,	1,2,3	В, С
 Communicate effectively with surgical team and multidisciplinary team members, demonstrating professionalism. 	2.1.1, 2.1.2,	1,2,3	В, С
Communicate with patients clearly and empathetically	2.1.3, 2.2.1, 2.5.1	1,2,3	В, С

Topics

Patient Care: Assessme nt and Managem ent 1. Students will demonstr ate the knowledg e, attitudes and skills necessary to perform appropriat ely focused and accurate histories and physical assessme nts and document the findings accurately in the health record. Students will assist in developm ent of evaluation and treatment plans, and take responsibi lity for implementation.

Medical knowledge:

1. The student will know how to assess and manage common

complaint s in general surgery 2. The student will know the pathophys iology of general surgery Interperso nal and communic ation skills: The students will effectively exchange informatio n with patients, families, consultant s and the team, including nurses, faculty, residents and ancillary staff. Practice Based learning and Improvem ent: Students will demonstr ate the ability to assimilate scientific evidence and improve patient care practices.
Professio
nalism:

COMPETENCE AREA-1 / Professional Practices	Contribution				
COMPETENCE 1.1. Health Service Provider	1	2	3	4	5
Competency 1.1.1. Integrates knowledge, skills, and attitudes acquired from basic and clinical medical sciences, behavioral sciences, and social sciences to provide health services.					Х
Competency 1.1.2. Demonstrates a biopsychosocial approach that considers the individual's sociodemographic and sociocultural background					
without discrimination based on language, religion, race, or gender in patient management. Competency 1.1.3. Prioritizes the protection and improvement of					X
individuals' and community's health in the delivery of healthcare services. Competency 1.1.4. Performs the necessary actions in the direction of				Х	-
maintaining and improving the state of health as considering the individual, social, social and environmental factors affecting health.				^	
Competency 1.1.5. Provides health education to healthy/ill individuals and their families, as well as to other healthcare professionals, by recognizing the characteristics, needs, and expectations of the target audience.					
Competency 1.1.6. Demonstrates a safe, rational, and effective approach in the processes of protection, diagnosis, treatment, follow-up, and rehabilitation in health service delivery.					Х
Competency 1.1.7. Performs interventional and/or non-interventional procedures safely and effectively for the patient in the processes of diagnosis, treatment, follow-up, and rehabilitation.					х
Competency 1.1.8. Provides healthcare services considering patient and employee health and safety.				X	
Competency 1.1.9. Considers changes related to the physical and socio- economic environment at both regional and global scales that affect health, as well as changes in the individual characteristics and behaviors of those who seek healthcare services.				X	
COMPETENCE AREA-2 / Professional Values and Approaches		Co	ntribu	tion	
COMPETENCE 2.1. Adopting Professional Ethics and Principles	1	2	3	4	5
Competency 2.1.1. Considers good medical practices while performing the profession.					X
Competency 2.1.2. Fulfills duties and obligations within the framework of ethical principles, rights, and legal responsibilities required by the profession.					x
Competency 2.1.3. Demonstrates determined behavior in providing high-quality healthcare while considering the patient's integrity.					X
Competency 2.1.4. Evaluates own performance in professional practices by considering own emotions and cognitive characteristics. COMPETENCE 2.2. Health Advocate					
Competency 2.2.1. Advocates for the improvement of healthcare service delivery by considering the concepts of social accountability and social responsibility in the protection and enhancement of community health.					X
Competency 2.2.2. Plans and implements service delivery, education, and counseling processes related to individual and community health, in collaboration with all stakeholders, for the protection and improvement of health.					
Competency 2.2.3. Evaluates the impact of health policies and practices on individual and community health indicators and advocates for the improvement of healthcare quality.					
Competency 2.2.4. Gives importance to protecting and improving own physical, mental, and social health and takes necessary actions for it. COMPETENCE 2.3. Leader-Manager					
Competency 2.3.1. Demonstrates exemplary behavior and leadership					
within the healthcare team during service delivery. Competency 2.3.2. Utilizes resources in a cost-effective, socially beneficial, and compliant manner with regulations in the planning, implementation, and evaluation processes of healthcare services as the					
manager in the healthcare institution. COMPETENCE 2.4. Team Member					
COMIL ETENOL 2.4. TEATH MICHIDE					

Competency 2.4.1. Communicates effectively within the healthcare team			1	Х	
and takes on different team roles as necessary.				^	
Competency 2.4.2. Displays appropriate behaviors while being aware of					
the duties and responsibilities of healthcare workers within the healthcare					
team.					
Competency 2.4.3. Works collaboratively and effectively with colleagues					
and other professional groups in professional practice.					
COMPETENCE 2.5. Communicator					
Competency 2.5.1. Communicates effectively with patients, their families,					Х
healthcare professionals, and other occupational groups, institutions and organizations.					
Competency 2.5.2. Communicates effectively with individuals and groups					
who require a special approach and have different sociocultural characteristics.					
Competency 2.5.3. Demonstrates a patient-centered approach that					
involves the patient in decision-making mechanisms during the diagnosis,					
treatment, follow-up, and rehabilitation processes.					
COMPETENCE AREA-3 / Professional and Personal Development		Coi	ntribu	tion	
COMPETENCE 3.1. Scientific and Analytical Approach	1	2	3	4	5
Competency 3.1.1. Plans and implements scientific research, as					
necessary, for the population it serves, and utilizes the results obtained, as					
well as those from other research, for the benefit of the community.					
Competency 3.1.2. Accesses and critically evaluates current literature related to their profession.					
Competency 3.1.3. Applies evidence-based medicine principles in the					
clinical decision-making process.
